The ENYAQ iV, ŠKODA's first all-electric SUV, got off to a strong start with almost 45,000 deliveries worldwide and has received many international awards. It was named 'Most Popular Car of 2022 in Switzerland', won the 'Golden Steering Wheel 2021' prize and also brought home 'The best E-SUV up to 50,000 euros' and the 'import classification' awards in the Auto Trophy 2021 competition. The ENYAQ iV has qualified for the finals of the European 'Car of the Year' as one of the seven best models, with the winner being announced in February 2022.

2021 MILESTONES

NEXT LEVEL – ŠKODA STRATEGY 2030

ŠKODA AUTO has presented its new 'NEXT LEVEL – ŠKODA STRATEGY 2030', which lays out ambitious goals in the areas of **internationalisation**, **electrification and digitalisation**. The car manufacturer aims to be one of the five best-selling brands in Europe and the leading European brand in India, Russia and North Africa.

MQB-A0 GLOBAL PLATFORM

ŠKODA AUTO has assumed responsibility for the further development of the MQB-AO Global Platform. Based on this platform, the Group brands ŠKODA and Volkswagen will be **developing new entry-level** models for emerging markets and regions, such as India, Latin America, Russia, Africa and the ASEAN countries.

EXTERNAL SUSTAINABILITY COUNCIL

ŠKODA AUTO has established an independent External Sustainability Council. The expert panel will be advising on the implementation of planned sustainability measures.

CARS FOR INDIA: KUSHAQ AND SLAVIA

The new SLAVIA saloon is the second car to be specifically developed for the Indian subcontinent, after the KUSHAQ SUV, which was presented in spring 2021. ŠKODA AUTO oversees all Volkswagen Group activities, as well as the INDIA 2.0 project, in this region.
